Settlement Dates:

The 1st, 8th, 16th, and 24th of each month (except in January, when the first two settlement dates are the 5th and the 11th). If a settlement date falls on a non-banking day in Finland, the settlement will take place on the following banking day.

Prices Common to All Service Providers:

Investigation work at the Service Provider's request: €120/h (minimum billing 1 hour).
Monthly site fee: €2.50 / month / site. The fee is charged for all sites under a service provider account where sales have exceeded €50.00 during the previous month, regardless of the minimum settlement amount. If a site has not reached €50.00 in sales during the month, no fee will be charged for that site.
